

Instructions for students:

1. All students have to give preferences for these courses through ERP. First preference [only*] will be allotted to all. [*This is subject to minimum entry criteria for a course]
2. Once allotted, the open elective will not be changed in any case.
3. Minimum of 30 students should be registered in a course to be run as an open Elective course.
4. If less than 30 students are registered in any course, then that course will not be run. In that case the second preference will be allotted for those students who gave first preference to the such course.
5. Students are informed to give the preference on the basis of sound understanding of the course content and its significance. Some videos for the same are prepared and uploaded on our college website.
6. All students are informed to give preferences after watching the videos only.
7. You may discuss with your peers or with your mathematics teachers about any issue/difficulty.
8. ERP link will open on 15/02/2022 and will close on 16/02/2022 to give preferences, all are informed to give preferences without fail within the given time. Any loss due to the same will not be considered.
9. Students who failed to fill the preference form before deadline will be allotted the open Elective as per the availability of seats.
